

INTRODUCING
THE LATEST
INNOVATION
IN LEVELING

nivcomp

Introducing the new innovative Nivcomp level.
This flexible "LevelSnake" puts a modern twist on an ancient measurement method by merging today's digital technology with a traditional liquid level.

FAST, SIMPLE, PRECISE, EFFICIENT LEVEL & LAYOUT MEASUREMENTS

**NO LASER
REQUIRED**

Building Construction / Renovation

- Manufactured/Modular Housing Supports
- Self-Leveling Flooring Underlayments
- Grid and Suspended Ceiling Systems
- Concrete Pads
- Foundations
- Roof Pitch Measurements
- Mobile/Pre-manufactured housing
- Siding

Fast

Setup in seconds (no lasers, no tripods).

Rugged

Built for pro-contractors.

Efficient

Designed for one user operation.

Easy-to-read

Large digital display (in inches or mm).

Precise

Accurate to within 1/16" at 150ft range.

Proven

Thousand in use in more than 20 countries.

Multi-use

Both level and vertical layout in one tool.

Flexible

Works around corners - no line-of-sight.

**NO TRIPOD
REQUIRED**

**1 MAN
OPERATION**

Inspection / Quality Assurance

- Independent Home Inspectors
- Building Code Enforcement Officers
- DOT Inspectors
- Manufacturing Quality Inspections

Equipment Installation

- CNC Machines
- HVAC Equipment
- Conveyors
- Automated Manufacturing /Packaging Equipment
- Warehouse Racking Systems
- Plumbing Piping
- Signage
- Steel decks/Mezzanines

Landscaping / Grading

- Pools/Spas
- Driveways
- Patios
- Decks
- Docks
- Septic System
